review steps.

If you get a problem wrong, make sure you scroll down and review the
Explanation that shows your correct steps to solve.

Learn from your mistakes!

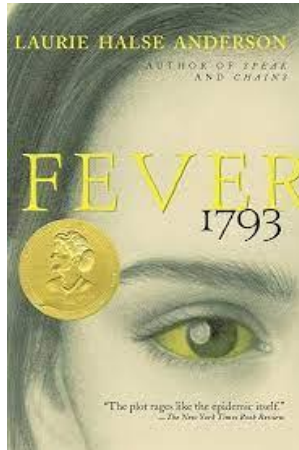

All Skills are under 6th grade tab

- D.1 Write multiplication expressions using exponents
- G.1 Add and subtract decimal numbers
- H.7 Division with decimal quotients
- H.9 Multiply and divide decimals: word problems
- J.6 Add and subtract mixed numbers
- L.7 Divide fractions and mixed numbers
- M.10 Absolute value and integers: word problems
- O.10 Evaluate numerical expressions involving fractions
- P.3 Compare and order rational numbers using number lines
- R.6 Write an equivalent ratio
- R.15 Ratios and rates: word problems -
- S - All skills
- X.3 Graph points on a coordinate plane
- Z.7 Solve one-step addition and subtraction equations with whole numbers
- Z.12 Solving one-step addition and subtraction equations: word problems
- *All skills in G though L (decimal and fraction operations)

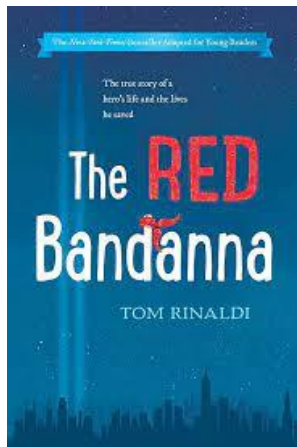

2023 - Summer Reading for Students Entering 7th Grade

Students entering 7th grade are required to read two books over the summer.

Assignment: After reading both books, write a paragraph explaining which book you liked best and why. Your typed paragraph should be five to seven sentences long and include a topic sentence, supporting details, and a concluding sentence. (10 points)

Fever 1793 by Laurie Halse Anderson. We will be using this novel during the school year while working on our research skills.

The Red Bandanna by Tom Rinaldi. We will be using this non-fiction book as part of our lessons about September 11, 2001.

Stationery List: Middle School for 2023-2024
